

Southern Afghan Hound Club Open Show 4th December.2005.

The Southern Afghan Club have a pre Christmas show which is always well supported and known for its happy and Christmassy atmosphere. Held in a new venue it was just bad, luck that the electrics blew and sprinklers came on to the already freezing exhibits. In spite of these mishaps which were certainly no fault of the Committee, it was a lovely show and a good atmosphere prevailed. Disappointing the youngsters were for the most part an unpromising bunch with no bone, very shallow in body and no muscle. Sadly life seemed a serious business with no glint of mischief in the eye so typical of pups. Many older exhibits were without muscle and too many had dirty teeth and sore looking gums.
